

Full Course Load Waiver Form (rev. 3/27/17)

Pembroke Academy, 2017-2018

Student Name: _____ Date: _____

Year of Graduation: _____ Current Credit Total: _____

All Pembroke Academy students must **register for 30-35 credits per year**, however we do appreciate that there are some students who have a desire to and can meet the heightened expectations of a full 8-period course load. In this case, students, parents, and guidance counselors will use this form to identify which **elective course** is being designated as the “8th Course”. This designated “8th Course” can be one full year class or two semester long classes; it cannot be a combination of half a full year course and a semester long course. In the event that the student receives an academic warning letter or a failing grade in **any** class, the student will automatically drop this designated “8th Course” in order to reduce their course load to the typical expectation of 30-35 credits per year. If a student gets an academic warning letter and they have designated two semester long courses, the student would automatically drop both courses to reduce to the typical expectation of 30-35 credits. The option to have a full course load is only available to sophomores, juniors, and seniors.

Designated 8th Course(s)	Semester 1	Semester 2
If Designating 1 Year Long Course:		
If Designating 2 Semester Long Courses:		

By signing below, the student, parent, and guidance counselor acknowledge that the opportunity to register for for a full 8-period course load is only available if the student can maintain acceptable academic performance in all of their classes (no academic warning letters or failures), not just the designated “8th Course”.
